

CALLING ALL

Save the Date for

DIGITIZING DAY

**Saturday, November 17, 2018
10 a.m.-3 p.m.**

**MEMBERS –
Active and Retired!**

**Help us preserve the history
of the Boston Teachers Union and our
collective experience working in
the Boston Public Schools!**

Retired and active members are asked to bring photographs, documents and other memorabilia that speak to our collective history to the Union Hall on November 17.

UMass Boston staff — and a team of BTU volunteers — will scan photographs and documents recording individual stories. Bring three to five photographs that are important to you and that tell your BTU story. Additionally, there will be a video station for people to record their memories of involvement with the BTU and working in the BPS. Everything will be included in a digital open access archive.

The event is part of BTU's new partnership with the University Archive & Special Collections Department in the Healey Library at UMass Boston Archives. We will be donating copies of all our *Boston Union Teacher* newspapers, copies of our contracts and other documents of historic value to the UMass Boston Archives where they will be preserved and available to all for research purposes.

If you want to help with the Digitizing Day, need more information or wish to get involved with our BTU History project, please contact Betsy Drinan, BTU Secretary-Treasurer at bdrinan@btu.org or call the office at 617-288-2000.
